

Citizens' Transportation Coalition

<http://www.ctchouston.org>

To prepare for the additional 3.5 million people who are expected to arrive in the Houston region by 2035, the Houston-Galveston Area Council (H-GAC) estimates that more than \$5 billion will be spent annually on capital projects. This massive investment in public infrastructure will actively shape not only the form and function of the city, but also the quality of life of its residents for decades to come.

Citizens' Transportation Coalition (CTC) volunteers work to educate the public about transportation projects and policies. We work with neighborhood, civic, business, and political leaders to identify what stakeholders want from these projects and the best ways to achieve it. CTC is actively engaged with many issues and opportunities, including:

- METRO's next five light rail lines
- Freight rail improvements
- Improving pedestrian and bicycle access
- TxDOT's legislative sunset review
- Freeway noise in parks & neighborhoods
- And many others!

CTC is a volunteer-led and volunteer-driven organization which needs your support! If you have time and passion, then please consider joining us on one of our issues. If you have the means, your tax-deductible contribution will help defray expenses we incur developing and delivering presentations throughout the Houston area. We appreciate your support!

CTC is a 501(c)(3) nonprofit organization. Dues and contributions are tax-deductible to the full extent allowed by law.

Please return this bottom section of the form and payment to any CTC board member or mail to:

CTC PO Box 66532 Houston TX 77266-6532

2011

Yes! I want to join the Citizens' Transportation Coalition!
